

Accessibility Widget & Scanner

Effortless Usability for Everyone

Why do I need the Accessibility Widget & Scanner?

- 
- ✓ **Better user experience:** Help eliminate common accessibility challenges and provide a better browsing experience for users with disabilities.
 - ✓ **Align with industry guidelines:** Supports key standards like WCAG 2.1/2.2 and the European Accessibility Act (EAA) coming into force in June 2025.
 - ✓ **Reduce legal risk:** Minimize the risk of fines and lawsuits by aligning with industry guidelines and laws.
 - ✓ **Extend your reach:** Make your content more inclusive and reach underserved markets by removing barriers for millions of users with various disabilities.

Key Features

AI-powered Accessibility Widget

- 
- ✓ Session-based, real-time adjustments to improve the readability, navigation, and appearance of your site
 - ✓ Customize fonts, colors, and more to meet users' specific needs
 - ✓ Match the look and feel of your widget to your brand's identity
 - ✓ Install with a single line of code - without rebuilding your site from scratch

Intelligent Accessibility Scanner

- ✓ Automatically scans your site for WCAG 2.0, 2.1 and 2.2 compliance issues
- ✓ Tests for violations of accessibility best practices
- ✓ Suggests areas that require manual adjustments and how to implement them
- ✓ Provides a clear overview of your accessibility status in your dashboard

Accessibility Widget & Scanner

Effortless Usability for Everyone

How it works

1. Easy installation:

Copy and paste the installation code we provide on your dashboard into your website. The widget will automatically appear at the bottom of your page.

2. Personalized user experience:

When visitors select their preferred accessibility settings as they visit your site, the widget instantly adjusts your site's appearance - ensuring a personalized experience for each user.

3. Intelligent scanning:

Our scanner checks your website, identifies accessibility issues, and shows you exactly how to fix them. You can view your results and step-by-step recommendations in your dashboard.

Why choose consentmanager?

- ✓ **Effortless integration:** An accessibility solution that is easy to implement and intuitive for site visitors.
- ✓ **Scalable & secure:** A scalable solution that works seamlessly across platforms for medium to large enterprises.
- ✓ **Accessibility & privacy expertise:** Developed in partnership with AccessiWay, our solution combines best-in-class AI technology with compliance expertise.
- ✓ **Support for industry standards:** Our solution supports international standards such as WCAG 2.1, ADA and the European Accessibility Act, helping your site align with global compliance requirements.
